Aluminium Plain Sheets, Plates & Coils

Aluminium Chequered / Tread Plates

Aluminium Stucco Embossed Sheets

Perforated Metal Sheets

Aluminium Extruded Sections / Profiles

Stainless Steel Sheets, Tubes and Pipes

ABOUT

# DINCO

Ever since our establishment in 1997, we have evolved into one of the largest stockiest and importers of Aluminium / Stainless Steel Sheet and allied products and have made an impressive mark in the UAE market as a reliable supplier to over 2000 clients from various industries. For most of our customers, we have become their first choice and are the One stop solution for all their Aluminium and Stainless Steel sheets requirements.

Our centrally located and well-stocked warehouses in DUBAI, SHARJAH & ABU DHABI service our customers effectively and speedily across the UAE. We pride ourselves in offering our customers a responsive and competitive service for supplying everything from a single item order to large quantities for major projects. There is no doubt that our local experience and distribution infrastructure, coupled with our reputation for only representing reputable Mills and stocking only quality products is a powerful combination and the foundation of our success.

**YEARS**

ESTABLISHED 1997

# PLAIN ALUMINUM SHEETS, PLATES & COILS

Available with us are Aluminium Plain Sheets / Plates / Coils in various alloys offering a range of different mechanical and chemical compositions to suit customers' different needs. With a large range of products and huge ready inventories we aim for all around service from the inquiry to the delivery and beyond, we are your reliable supplier for Aluminium Sheets.

## AVAILABLE ALLOYS

**1100-H14, 3003-H14, 5005-H14,  
5052-H32,  
5083-H111, 5083-H116,  
6082 -T651 & 7075-T651**

## AVAILABLE THICKNESS

**0.3 ~ 150.0mm for sheets & plates**

## STANDARD SHEETS WIDTH AND LENGTH

**1219x2438mm, 1250x2500mm,  
1219x3048mm, 1500x3000mm,  
1600x4000mm, 2000x6000mm**

## COILS IN WIDTH

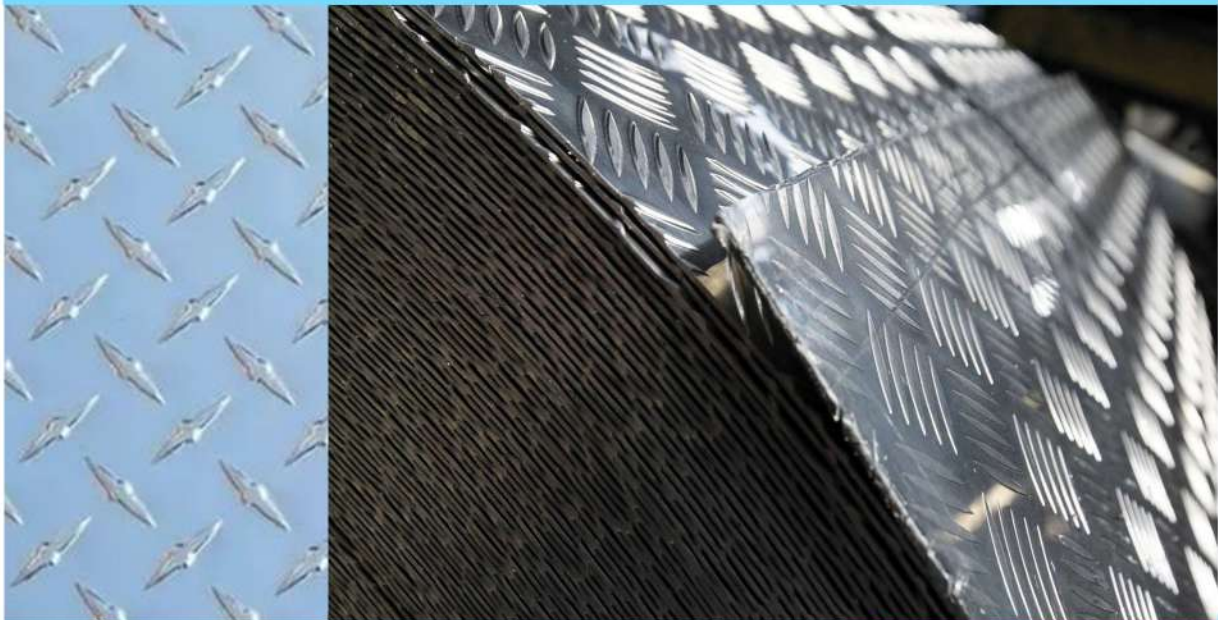

**1219mm, 1500mm**

***NON STANDARD SIZES CAN BE  
ORDERED AS WELL WITH LEAD  
TIMES***

# ALUMINIUM CHEQUERED SHEETS / TREAD PLATES

## AVAILABLE ALLOYS

**1100-H14, 3003-H22, 3105-F,  
5754-H114**

## SURFACE FINISH

**Bright Finish, Mill Finish, Diamond Brite**

## AVAILABLE SIZE RANGE

**Thickness : 1.00mm ~ 10.0mm**

## STANDARD WIDTH AND LENGTH

**1219 x 2438mm, 1250x2500mm,  
1500x3000mm**

# ALUMINIUM STUCCO SHEET

Aluminium stucco embossed sheets we stock are from **HINDALCO-INDIA**, which are the locally approved types by most of the reputable consultants in the UAE. We ensure that large quantities in ready stocks are available with us all times so that customers are able to fulfill their project needs on time. Commonly stocked alloys and sizes as below are readily available with us.

## AVAILABLE ALLOYS & TEMPER

**1100-H14, 3003-H14**

## AVAILABLE THICKNESS RANGE

**Thickness: 0.4 ~ 1.2mm**

## STANDARD WIDTH AND LENGTH

**1219x2438mm**

## SURFACE PROTECTION & MARKING

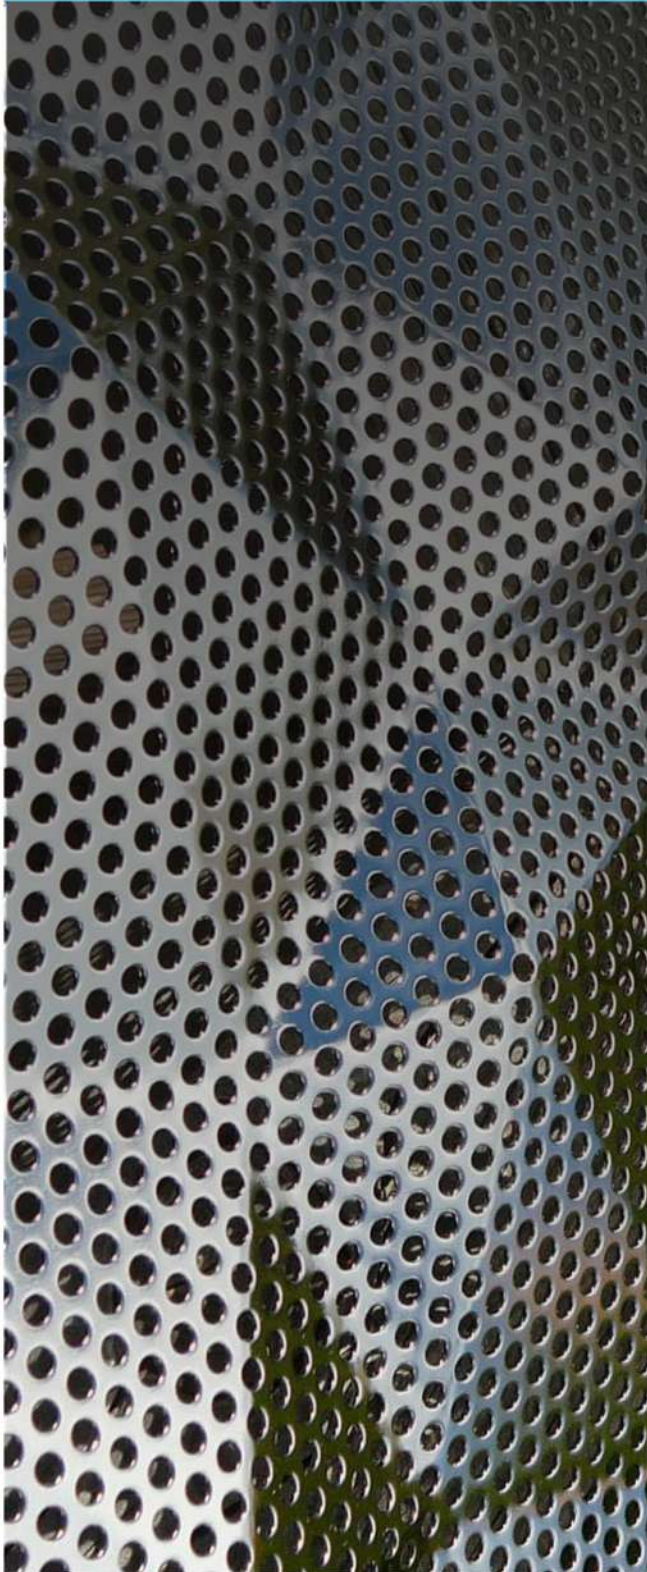

Plastic Interleaved packing in the pallets.

Ink stencil marks are present on all the sheets with **HINDALCO** branding, alloy, temper, coil/heat number and thickness to provide traceability & to guarantee our customers authentic products.

# PERFORATED METAL SHEETS

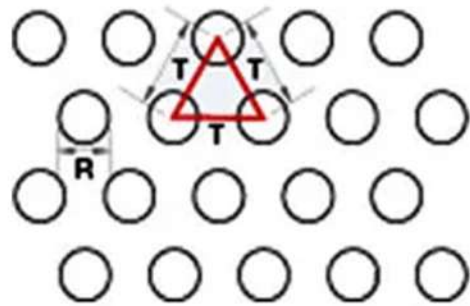

## AVAILABLE METALS

**ALUMINIUM, GALVANIZED  
IRON (GI) AND GR-304  
STAINLESS STEEL**

## AVAILABLE PATTERN

**ROUND HOLE, 60 DEGREES  
STAGGERED PATTERN,  
TRIANGULAR PITCH**

## AVAILABLE SIZE RANGE

**Thickness :0.7mm ~ 4.0mm**

**Hole Dia :1mm - 20mm**

**Pitch : 2mm - 30mm**

## STANDARD WIDTH AND LENGTH

**1000x2000mm 1219 x 2438mm**

**1500x3000mm,**

# ALUMINIUM EXTRUDED SECTIONS / PROFILES

We have a wide range of standard Aluminium Profiles with us in ready stocks. Aluminium Profiles are as per ASTM – B – 221, and BS EN 755-9 standards with an aim to provide best and high-quality products to the customers.

## AVAILABLE ALLOYS & TEMPERS

### **6063-T6 and 6082-T6**

#### SURFACE FINISH

### **Mill Finish, Anodized, Powder Coated**

#### TYPES

### **EQUAL/UNEQUAL ANGLES**

### **FLAT BARS**

### **SQUARE BARS**

### **ROUND BARS**

### **HEX BARS**

### **TEE BAR**

### **ROUND TUBES**

### **RECTANGULAR HOLLOW BAR**

### **SQUARE HOLLOW BAR**

### **U CHANNELS**

12 MM TO 200 MM in DIA/SIZE, 1 MM – 10 MM THICKNESS in length of 6000 mm  
Nonstandard lengths can be ordered against a lead time.

# STAINLESS STEEL SECTIONS / PROFILES

We offer high-quality Stainless Steel Profiles in various sizes and grades, manufactured to meet international standards. Our ready inventory ensures prompt delivery, while our commitment to quality ensures that we are a dependable supplier for all your Stainless Steel Profile needs.

## AVAILABLE GRADES

**304, 316L**

SURFACE FINISH

**NO1, 2B, Brush, Mirror, Hairline**

TYPES

**EQUAL/UNEQUAL ANGLES**

**SCHEDULE PIPES**

**FLAT BARS**

**SQUARE BARS**

**ROUND BARS**

**RECTANGULAR HOLLOW BAR**

**SQUARE HOLLOW BAR**

**U CHANNELS**

12 MM TO 200 MM in DIA/SIZE, 1 MM – 10 MM  
THICKNESS in length of 6000 mm  
Nonstandard lengths can be ordered against  
a lead time.

# STAINLESS STEEL SHEETS & PLATES

We offer a wide range of Stainless Steel Sheets and Plates in various grades, sizes, and finishes to meet the diverse needs of our customers. Our products are manufactured using high-quality raw materials and are designed to withstand harsh environments and extreme temperatures. We have a large inventory of Stainless Steel Sheets and Plates in stock, ready for immediate delivery, and can also provide customized solutions to meet specific requirements. With our commitment to quality and customer satisfaction, we are the reliable choice for all your Stainless Steel needs.

## AVAILABLE GRADES

**201, 304, 316L**

AVAILABLE FINISHES

**No1, 2B, Brush, Mirror**

AVAILABLE THICKNESS

**0.5 ~ 20.0mm for sheets & plates**

STANDARD SHEETS

WIDTH AND LENGTH

**1219x2438mm,**

**1219x3048mm 1500x3000mm,**

**2000x6000mm**

## STAINLESS STEEL CHEQUERED SHEETS

*OUR WAREHOUSES IN UAE STOCK STAINLESS STEEL  
CHEQUERED SHEETS IN VARIOUS SIZES AND  
THICKNESSES WITH ANTI-SLIP AND DECORATIVE  
PROPERTIES SUITABLE FOR FLOORING, STAIRS, AND  
OTHER APPLICATIONS.*

## AVAILABLE GRADES

**304, 316L**

AVAILABLE THICKNESS

**1.5 ~ 6.0mm for sheets & plates**

**NON STANDARD SIZES CAN BE  
ORDERED AS WELL WITH LEAD  
TIMES**

## PRODUCT CERTIFICATIONS & TECHNICAL RESOURCES

All our products are provided with a Mills Test Certificate (MTC) according to different specifications like: ASTM B-209, EN-10204 3.1 or 3.2, EN 485-2, EN 485-3, EN-515, EN 573-3, EN-1386, GB/T-3380 & GB/T-3190.

Most of the products, like plain sheets in Alloy series 6000, 5000 & 3000 have ink stencil marks on the surface of the sheets indicating Alloy, Temper, Size, Thickness, Heat/Coil number, Manufacturers name etc., which ensures traceability and that the customer always gets the genuine certified materials. Please call or email us to find out which of the sheets have such markings.

## SURFACE PROTECTION & MARKING

Paper Interleaved or PVC protection on 1 side. One side of our plain sheets is with a thin film of easily peelable polythene to protect it. The purpose of such protection is to avoid any scratching on the surface of the sheets during handling or transportation. However, the non-coated side of the sheet may have some light scratching caused by general warehousing and transport. Some of our sheets are available with a laser PVC foil applied for superior protection, please call us to find out more.

Ink stencil marks are present on the sheets for some alloys to increase transparency with traceability and provide quality assurance to our customers especially for marine-grade alloys

Scan the QR code to visit our website to view and download the technical datasheets for the alloys we carry in stock as well as other technical resources.

## OUR SUPPLY PARTNERS

We source our inventories of Aluminium alloy products from reputable mills around the world to ensure that our inventory is consistent and meets international standards of tolerances, chemical composition and mechanical properties. Our principal manufactures from Europe, India and China are amongst the largest manufacturers of rolled Aluminium products in the world. Perforated sheets in Aluminium, Galvanized Iron (GI) and Stainless Steel are sourced from mills in Taiwan which manufacture sheets with unparallel flatness and uniformity.
